Dear Visitor:

The physical and spiritual needs that arise from situational and generational poverty are difficult to cope with, both for those who are enmeshed in poverty and those who are trying to help. The answers do not come easily. There is a group of people who feel the need to do something. That is the purpose of River City Ministry of Pulaski County. We bring together the people and other resources needed to make a difference in this part of the world.

Over many years, we have made small gains. Funds have often been limited and workers have sometimes been few. Fortunately, we are gathering momentum, grateful for those who have worked so hard in the past and for those who join us in this ministry now. More and more people are seeing the need and realizing that we can do something. The services we offer give valuable immediate help to those in need. Even more important, however, is our desire to connect with each person who comes through our doors on a spiritual level. We know that, ultimately, a proper relationship with Jesus Christ is the answer to anyone's greatest need.

As you view this website, we hope you will get the sense that good things are happening in the name of Jesus through this ministry. We know that we can't solve all the problems that have been so long in developing, but we can be part of the solution. Perhaps you will be moved to take a step beyond visiting our web pages, and decide that you want to partner with us financially or as a volunteer at our ministry center. We can always use extra help. Please call on us if we can answer any questions.

Sincerely,

Roger Pritchett
